Basic Search

- The Basic search box is located at the top of the home page.
- If you know the details of the newspaper article you require, type the title into the basic search box putting quotation marks around the text to search as a phrase.

For example:

- Or search for articles on a topic. For example:

- Using quotation marks searches for the **exact phrase** within the article. "Total quality management" is therefore a more precise search than for total quality management, which would retrieve articles with the words present individually.

- A tick box under the search box enable you to limit your search to full text.
